

# Don't Let Your e-Files Manage You

Paul Lagasse  
Active Voice Writing & Editorial Services

10th Annual Communication Central Conference  
September 25, 2015

**What**  
is file management

The ability to find files when you need them  
and to delete them when they are no longer needed

**When**  
to do tasks

Before

- Set Up:
- Document Folders
  - Contacts
  - E-Mail

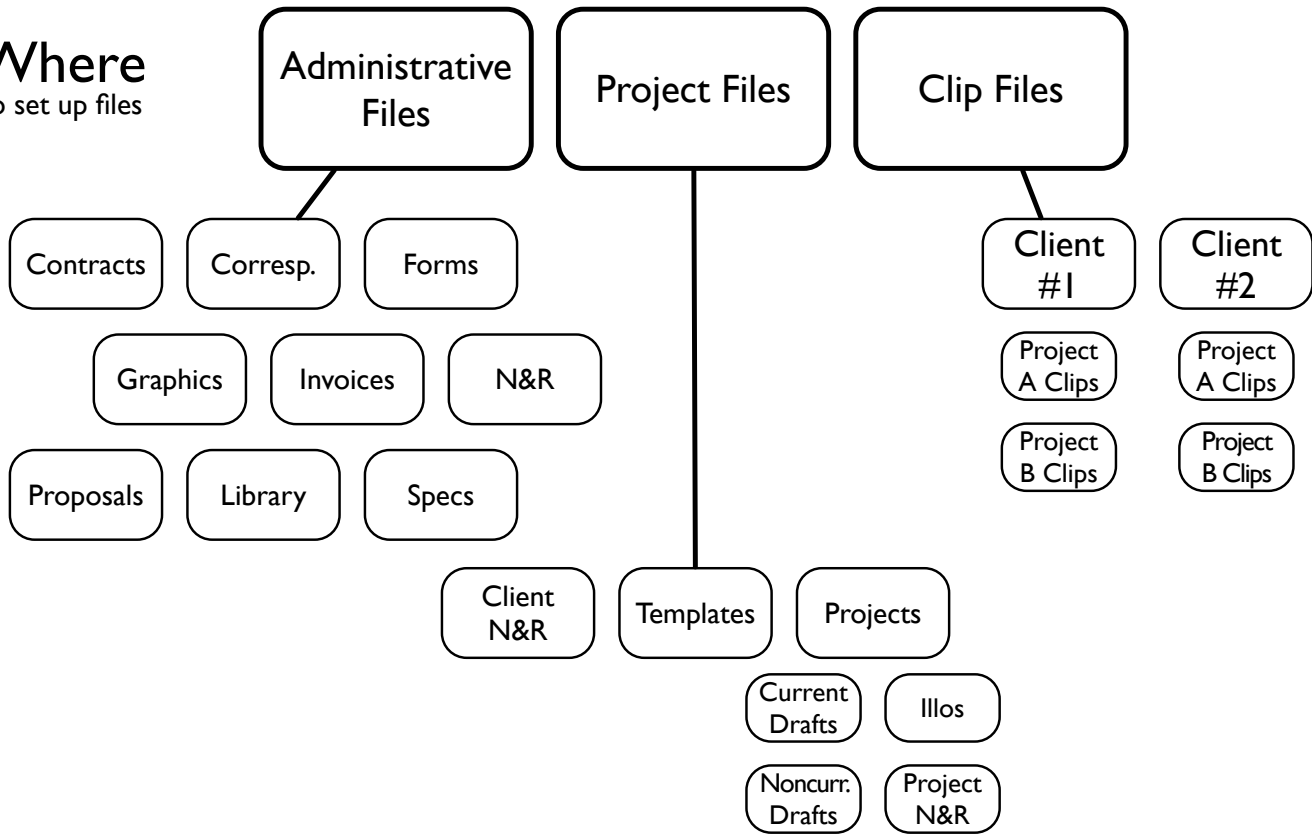

During

- Manage Files Using:
- File Naming Protocols
  - Color Labels
  - Interim Backups

After

- Delete Files Using:
- Disposition Protocols
  - Archival Backups
  - Purging

**Where**  
to set up files

**How**  
to back up files

**Why**  
manage your files
